How could school be even better?

I don't think it can be better than it already is

More club choices

We have a wide variety of after school clubs and we are always happy to try new ones so we will look at opportunities to do this next year

A school pet

We have hatching chicks and hatching ducklings in the school. Unfortunately, we have children in our school who are allergic to animal hair but we will make sure the ducks and chicks are an annual event

Reusing our class plastic cups every day

Yes, we agree. There is no need for children to buy bottles of water as we have water fountains and water available throughout the school day in class and in the lunch hall. We can continue to reuse our plastic cups.

More playground equipment

We regularly update playground equipment and we will continue to do this to offer plenty to do in the playground

Even More reading books

We always update reading books and have good links with the Camden Library Service to make sure that you always have interesting books to read
